

High Impact Technology Exchange Conference

Educating America's Technical Workforce

Fairmont Scottsdale (Arizona)

July 19–22, 2009

Title: Session A1: New and Emerging ICT Technologies

Date/Time: Tuesday, July 21, 10:30 AM – 12:00 PM

Location: Fairmont Scottsdale Resort, Salon A

Description: Since 2001, according to the Organization for Economic Cooperation and Development, the United States has moved from fourth in the world to fifteenth in broadband penetration. This session will review new and emerging technologies in Information and Communication Technologies (ICT) we must implement to stop the slide and better compete in a world market. Coverage will include wireless, cable and telecommunications provider technology strategies along with end device hardware, operating systems and applications. Current regulatory policy will also be discussed in this session.

Presenter:

Gordon F. Snyder Jr., Executive Director, ICT Center, Springfield Technical Community College
