

High Impact Technology Exchange Conference

*Educating America's Technical Workforce*

Fairmont Scottsdale (Arizona)

July 19–22, 2009

**Title:** eSyst: Electronics Systems Technology for the Next Generation

**Date/Time:** Sunday, July 19, 1:00 PM – 5:00 PM

**Location:** Fairmont Scottsdale Resort

**Description:** Come learn about the status of the new NSF-Funded ATE Project, "A New Systems View of Electronics for 2010." This workshop will explore the project's deliverables that include: enhancing student/technician enrollments in today's electronics technology degree programs, how teaching a "systems" approach can revitalize your existing electronics curriculum, and how the "systems view" can aid in the retention of your students. The eSyst panel of developers will update you on the current status of the project, demonstrate the eSyst website, and present overviews of the project's educational resources.

**Presenters:**

Tom McGlew, eSyst Project Manager, MATEC  
Lou Frenzel, Electronic Design Magazine
