

**High Impact Technology Exchange Conference**

***Educating America's Technical Workforce***

**Fairmont Scottsdale (Arizona)**

**July 19–22, 2009**

**Title:** Intersections of Biotechnology, Information Communication Technology (ICT) and Security

**Date/Time:** Monday, July 20, 8:30 AM – 4:30 PM

**Location:** Fairmont Scottsdale Resort

**Description:** This workshop will feature a panel of experts in the areas of Biotech, ICT and Security. Participants will attend two cross-training workshops that will consist of areas such as synthetic biology, biotech national database, bio-security threats, ethical hacking, data mining, bioinformatics and Web 2.0 tools. For example, a biotech technician would attend ICT/Security workshops and the ICT/Security technician would attend biotech workshops. Participants will then come back together at the end of the day to compare notes and plan next steps for integration.

**Presenters:**

Deborah Boisvert, BATEC

Elaine Johnson, Bio-Link
