

High Impact Technology Exchange Conference

Educating America's Technical Workforce

Fairmont Scottsdale (Arizona)

July 19–22, 2009

Title: Industry Tour I: Solar Technology and Research (STAR) Center

Date/Time: Monday, July 20, 7:30 AM – 10:30 AM

Location: Solar Technology and Research Center (Bus departs from the Fairmont Scottsdale Resort at 7:30 AM)

Description: The STAR Center, operated by APS, one of Arizona's public utilities, helps develop and test the newest technologies for converting the sun's energy into electricity. Tour participants will see a variety of full scale photovoltaic test implementations including roof tops, grid tied, trackers, and an operating 24 kW power plant. For more information, visit

http://www.aps.com/my_community/STARTour/default.html?seq=1.

Note: This is an outside tour in the Arizona summer and as such, tour participants must board the tour bus at 7:30 a.m. Participants are encouraged to wear light clothing and closed toe shoes and to bring hats and sun protection. Limited to 25 participants.
